

ROUTE #16 YELLOWHEAD

PRINCE RUPERT / HAIDA GUAI

The Haida Guaii are the most remote of all island chains in British Columbia. The vast majority of the land is wilderness. The chain consists of 2 large islands, surrounded by several smaller islands. There is a ferry that runs somewhat frequently between the two large islands throughout the day. The ferry from Prince Rupert to Haida Guaii is 7 to 9 hours each way and runs a handful of times per week.
