

ROUTE #320

ADMIRALLY INLET –International Route

VICTORIA / SEATTLE

CLIPPER – Seattle / Victoria 193
 Alt. route via Olympic Peninsula 195

The Victoria Clipper provides a direct link between Victoria’s Inner Harbour and Downtown Seattle. The Clipper cannot accommodate vehicles (foot passengers only). Alternately, one can either drive or travel by city transit along the Olympic Peninsula and across Bainbridge Island to Port Angeles and take the ferry from there to Victoria. Either way, you are guaranteed a spectacular trip.

ALTERNATE DIRECTIONS BETWEEN SEATTLE AND VICTORIA VIA OLYMPIC PENINSULA

The timetables on this page are there for those wishing to travel between Seattle and Victoria via the Olympic Peninsula. While this route is much slower than the Victoria Clipper, it is also much less expensive. It is also quicker (and less expensive) than travelling to Seattle via Vancouver. An interesting suggestion is to use Victoria Clipper in one direction and use these alternate directions for the other direction. Please note: for those driving, this timetable is not a complete ferry schedule for the MV Coho. For a complete MV Coho schedule, please refer to Route #17 in this guide.
